Relevant Industry Experience

JUANITO KING & SONS, INC.

Cebu City, Philippines

Business Development Intern

June 2025 – August 2025

- Developed data-driven reports that helped inform department supervisors recommendations for company direction in the coming years.
- Performed a market research of existing real estate projects developed by the company's competitors and tabulated important details that helped compare important details to each development, such as but not including: total units sold, inventory, unit types offered, average floor area, and average price, among others.
- Created visual dashboards on Excel and Power BI that effectively summarized existing market conditions that enabled concrete, data-backed decisions of the department.

University Leadership and Activities
